THE PLUMBER'S STRIKE!

At Chicago is Practically Settled by a Compromise in Wages--Labor Notes Elsewhere.

CHICAGO, Ill., April 8—The plumber's strike was practically settled this morning at a conference between committees of the junior plumbers and master plumbers. The conditions of settlement are a compromise and provides a minimum of $3.50 a day for all journeymen plumbers, and an increase of 25 per cent. in the wages of juniors. The agreement will be formerly ratified at a joint meeting to-day.

The cigarmakers settled one of their grievances yesterday, when the Phoenix Cigar company took back all of its old men, sixty in number, and agreed hereafter to employ none but union men.

LATER.

The plumbers' strike is still on, as all the difficulties between the two sets of belligerents have not yet been adjusted. At last night's conference the master plumbers agreed to pay a minimum of $3.50 a day for all journeymen and an increase of 25 per cent. for the juniors. The journeymen plumbers are satisfied with the advance, although it was by no means what they demanded.

The juniors, however, who struck to aid the journeymen, are not satisfied with a 25 per cent. increase, and that is the hitch at this morning's conference of the two arbitration committees. The carpenters' strike is still on, although the men will probably appoint an arbitration committee this afternoon to confer with the master carpenters. The strikers say that not more than twenty men are at work within the city limits of Chicago to-day. They feel much encouraged.

GENEVA, April 8.—At a meeting held at Oleten, at which there were present 247 delegates representing 120,000 workmen, resolutions were adopted providing for the formation of trades unions, associations for the aid of the sick and a system of insurance against accident. Resolutions were also adopted calling for certain amendments to the factory laws now existing, which will tend to make them more favorable to the laboring classes.

BERLIN, April 8.—All of the striking miners in Gelzenkirichen have returned to work.

Ray Potter was fined one dollar and costs by 'Squire France to-day, for trespassing on the green house property of T. E. Covington.

Worden & Morris, the rising young attorneys, have returned from Winchester, Ind., where they argued against an array of legal talent in a will case.

A meeting of the Business Men's exchange will be held to-night to take some action with reference to arranging for the coming state miller's association in this city in May.

ST. JOSEPH, Mo., April 8. Richard Proctor, aged twenty, only son of the late famous astronomer, R. A. Proctor, has become insane, and it has been decided to confine him in an asylum.

An extra meeting of the Business Men's exchange has been called for this evening to take steps toward making the coming meeting of the Tri-State Miller's association in this city, May 13th, an interesting one.

Dr. C. B. Stemen was at Lima to-day. He reports the condition of Conductor Gard Tuckey, who was shot, as being a little encouraging. The injured man may live. The tramp who did the shooting has not yet been captured. A reward of $500 is offered by the railroad company for his apprehension.

SUCH a caution as this seems hardly necessary to any person in the full possession of his faculties, yet it is astonishing how many people there are, including good business men, who attach their signatures to papers or documents whose contents might have a serious bearing upon themselves or their affairs, with scarcely a glance at their contents. Carelessness in failing to acquaint themselves with the contents of a paper before signing it has worked incalculable harm to thousands of well-intentioned people. Then read all papers carefully before you sign them, particularly those that express [illegible] anything in the nature of a

WASHINGTON!

Ex-Speaker Randall Not in a Critical Condition--Business Done in Congress.

WASHINGTON, April 8.—Mr. Randall's family say that he is not in a critical condition, as has been reported, but that he passed a very comfortable night, and that he is better to-day than he was last week.

The house has passed with amendments the bill to prevent the enlistment of aleins in the naval service of the United States. The house reconsidered the vote by which the bill making appropriation to supply the deficiency caused by the Silcott defalcation was defeated and the bill was passed. The house then went into committee of the whole on the naval appropriation bill.

In the senate to-day house bill to admit free of duty articles intended for St. Louis exposition in September and October, 1890, that may be imported from the republic of Mexico was amended by adding the words "and other American Republics and the Dominion of Canada" and as amendment passed, a conference was asked.

The Montana election case was taken up and Mr. Spooner continued his argument in support of the republican contestants.

The house committee on judiciary completed its consideration of the commercial convention's national bankruptcy bill to-day and ordered it to be reported favorably. Mr. Culberson, of Texas, gave notice that he would make a minority report and submit his bankruptcy bill already introduced.

The convention bill has been changed in its phraseology, but the principles which it embodies remain the same. A favorable report was ordered on a bill introduced by Mr. Henderson, of North Carolina, amending the internal revenue laws. The bill abolishes provisions for minimum punishments for violations of the revenue laws and gives to judges discretion to impose penalties.

It forbids the issuing of warrants on affidavits made upon information and believing unless the affidavits are made by internal revenue officers and it gives the commissioner of internal revenue authority to compromise any criminal or civil case under the internal revenue laws and to remit penalties.

INSTANTLY KILLED!

Two Persons Meet Death on a Bicycle.

ATLANTA, Ga., April 8.—Burrell Ragsdale, his mother and his younger brother, used a railroad bicycle to go to a neighbor's, above Newman, last night.

At Powells they were struck by a wild construction train. Burrell Ragsdale was so badly injured that he died at midnight. His mother was instantly killed. The boy escaped. Ragsdale was an employe of the railroad.

Drowned.

BROOKVILLE, April 8.—Two girls, daughter of Robert Longerbeck, of this place, while attempting to cross a trestle bridge, fell through and were drowned.

The Weather.

WASHINGTON, April 8.—For Indiana: Light rains in northern portion; fair in eastern portion; colder; winds becoming northwesterly.

A MISSOURI farmer with a turn for statistics has furnished a communication to his county paper on the subject of official salaries, in which he states that an official who receives $4,000 per year salary absorbs the price of 26,666 bushels of corn at 15 cents per bushel, or of 6,666 bushels of wheat at 60 cents per bushel, or 33,333 bushels of oats at 12 cents, or the price of fifty good farm horses. He also estimates that a farm hand at $13 per month would have to work the year round for a quarter of a century to earn the same amount, and adds that in 1866-'67-'68 about 5,000 to 8,000 bushels of corn would have footed the bill, or 3,000 bushels of wheat.

HERE is something new in journalism. A New York paper offers a prize of $250 for every person found dead with a copy of the latest issue of the paper on his person, thus guaranteeing to amuse and instruct a man while he lives and provide for his family when he is taken away. For novelty and originality in schemes to build up a circulation this one seems to deserve early recognition.

"BUDGE" is the name of a tame crow belonging to Miss Orlie Wheeler, of Joliet, Ill. He goes all over town alone and returns to his home at night. He is fond of beer, and will drink it until intoxicated. In his rambles he visited the depot, where he found much to interest him. He imitates the shouts of the conductors, and takes delight in yelling "All aboard for Chicago."

SINCE the establishment of the Vienna free kitchens, the number of drunkards is said to have greatly diminished. The medical profession testify to enormous improvement in the health of the lower classes. Derangements of the stomach, formerly the most frequent cases in Vienna hospitals, have decreased to one-third of the number of

STRUCK BY A STORM!

The Town of Prophetstown, Ill., Visited by a Tornado and Great Damage is Done.

CLINTON, Iowa, April 8.—A heavy storm at Prophetstown, Ill., last night, blew down the Chicago, Burlington and Quincy depot and unroofed an elevator. Several persons were injured, but no lives were lost. The telegraph wires are down and only meagre reports are obtainable.

LATER.

A conductor on the Burlington road, who left Mendotta at 5 o'clock, says the damage reported at Prophetstown, Ill., has been exaggerated. The telegraph manager at Mendotta, in communicating with Prophetstown, reported that a railway depot, one elevator and several frame buildings had been destroyed.

He says that there has been no loss of life. Several persons were injured, but no names could be obtained. At the general offices of the Chicago, Burlington and Quincy railway a report of the disaster was received by the superintendent at 11 o'clock this morning. The report was to the effect that the newspaper reports at the first were greatly exaggerated. But few buildings were partially wrecked and but six persons were slightly injured. No deaths have resulted.

IS IT RAY'S WIFE?

The Supposed Husband of the Woman Now Under Arrest in Chicago.

THE SENTINEL gave a lengthy account yesterday of the poisoning of the Newland family, at Englewood, one of the suburbs of Chicago.

A servant girl going by the name of Lizzie Starke was arrested on suspicion of having administered rat poison in the food and thus caused the death of Mr. and Mrs. Newland.

In the police station she said her right name was Mary Starr William Ray and that her husband was a bill poster in Fort Wayne, Ind.

Starr William Ray, an employe of the Bill Posting company, was seen to-day at his boarding house, 106 Barr street, by a SENTINEL reporter.

"According to this article my wife is held on suspicion of having poisoned the Newland family in Chicago," said he.

"Yes, when and where did you marry her?"

"We were married on the 3d of March, 1880, in this city."

"What was her maiden name?"

"Mary Frances Morse."

"How about the name of Lizzie Starke?"

"As to that I can't say. The whole affair is too much of a mystery for me. My wife never had that name that I am aware of."

"How long have you been separated from your wife?"

"Ever since three years ago, the 23d of last February. She then applied for a divorce, which was not granted. She went to St. Joe, Mich., and from there drifted around, I don't know where."

"Were you in Chicago Thursday, as she stated to a reporter?"

"I have not been out of the city for weeks and have not seen her for months. I was not in Chicago as she says."

"Is your little daughter, Mamie, with you as she claims?"

"The last I knew of Mamie she was with her mother."

Is it not altogether probable that this woman, who professes to be the wife of Mr. Ray, is a falsifier in that, too?

Mr. Ray has signified his intention of going to Chicago to try and clear up the mystery.

IS SHE "DAFT"?

The Lafayette Courier says: "Miss Starr was in Lafayette about three weeks ago. At that time she called upon Attorneys Kumler & Gaylord and wanted to know how much they would charge to draw up a will for her. They told her they would charge five dollars, whereupon she stated that she had fallen heir to $300,000 by the death of a relative in England, that she wanted to bequeath a large portion of it to Charles Large and would be back the next day with the five dollars and have the will duly drawn. She never came but the sudden announcement of so much money made these two enterprising attorneys look at the girl in wonder."

BIG FRAUD

In Connection With a Failure Three Years Ago Comes to Light.

CHICAGO, April 8.—A morning paper says that the details of a fraud in connection with the failure in 1887 of the great barbed wire manufacturers, Sherman & Marsh, has just come to light.

It appears that Eben J. Marsh, managing partner of the firm, seeing that the failure was inevitable, laid his plans to deceive the creditors, and to feather his own nest. He entered into a conspiracy with Chas. H. Lane, a New York broker, to make it appear that he (Marsh) was speculating heavily in stocks.

Marsh then bought up as much wire on credit as he could possibly, stored it in ware houses and borrowed money on the receipts. In this way he got together about $150,000. This was placed in Lane's hands, to be held for Marsh until after the failure of the firm. For his services Lane was to get $25,000.

When the failure of the firm was announced, Marsh confessed to the creditors that he had been speculating in stocks and showed receipts from Lane to prove his assertion. While this was being investigated, Lane took all of the $150,000 and left the country.

Marsh followed him to Europe, but was unable to find him. In the meantime the creditors of the firm put detectives on Lane's track and it is understood they found him and induced him to give up $75,000.

Marsh was also taken in hand by the creditors and compelled to turn over to them $25,000, which he had realized on some Chicago real estate. Marsh is now said to be a salesman for a lumber firm in Baton Rouge, La.

ELEVEN YEARS SERVICE.

Daniel W. Souder resigned his position last evening as clerk of the superior court, after eleven years service to a day.

He has been succeeded by Mr. Ed. J. Twomey, a clever and capable young man, who was a postal clerk on the Fort Wayne road during Cleveland's administration.

Mr. Souder has been a tireless, conscientious worker, faithful and reliable always. He has been a valuable man and Clerk G. W. Loag regrets to lose him.

Mr. Souder has resigned in order to put his time to a thorough canvass of the county in his own interests as a candidate for county clerk.

W. K. MOOREHEAD, of the Smithsonian, spent last summer, with a staff of assistants, in surveying and exploring Fort Ancient, the prehistoric earthwork of Warren County, Ohio, and is about to bring out an illustrated volume of his discoveries. In the course of his explorations Mr. Moorehead has found evidence of two distinct races of aborigines, and has, moreover, discovered a large village site in the Miami River bottoms, five feet below the surface.

BOSWORTH SMITH, in a report on the Kolar gold field in Southern India, records some finds of old mining implements, old timbering, fragments of bones, an old oil lamp, and broken pieces of earthen ware, including a crucible, the remains of ancient mining operations. He expressed astonishment at the fact that the old miners were able to reach depths of 200 or 300 feet through hard rock with the simple appliances at their command.

PLEADS NOT GUILTY.

Davidson, the Murderer, Taken to Columbia City--His Trial is Set For June 17.

Thomas Davidson, charged with the murder of his uncle, Thomas Davidson, was taken to Columbia City yesterday, in custody of Sheriff Viberg.

C. M. Dawson and Judge S. M. Hench, attorneys for the prisoner, and Prosecutor J. M. Robinson, also went to be present at the convening of the Whitley county court.

The case was called yesterday, and Davidson pleaded not guilty. The counsel then spoke as to the proper time that should be selected for the beginning of the trial.

Judge Adair heard both sides and finally set the case for June 17.

The prisoner was ordered to be confined in the Whitley county jail until trial, and was, therefore, not brought back here.

Compound Oxygen Association, 11 West Berry Street, Fort Wayne, Ind.

My Dear Sirs:

I feel so grateful to your association for the great good it has done me that I gladly take this opportunity to put myself on the list of those who can testify in your behalf. I have resided in this vicinity for upwards of thirty years and was an active business man until fifteen years ago, when I became a victim of epileptic attacks to check which I took opium and became a confirmed opium-eater. The epilepsy was very bad and made it unsafe for me to go any place alone. Was liable to drop at any time on the street. When I began using your treatment I was indeed in a deplorable condition. I am now better than I have been for years. Have not had an epileptic attack since using your treatment, have not touched any opium or stimulants of any kind and am much stronger mentally and physically. Expect before long to enter once more into active business. All this I owe to the wonderful Compound Oxygen treatment, and I am

THE March number of the Journal of the National Association of Railway Surgeons, edited by Dr. C. B. Stemen, of this city, contains an extended and ably written article on the life and services of Dr. J. W. Jackson, the chief surgeon of the Wabash railway, whose death occurred at Kansas City last month. The article is from the pen of Dr. Stemen, who was a warm friend of the deceased.

THE members of the city council met last night as a committee on the whole, with Councilman P. J. Schied in the chair, to discuss street improvements. Main street was changed from fire brick to cedar blocks, and a number of remonstrances were read from different sections of the city. A strong protest against paving DeWald street was read. The report of the committee will be submitted to the council to-night.

MISS FANNY PERLEY, a gifted missionary from Spanish Forks, Utah, delivered an interesting and instructive discourse Sunday evening, at the First Presbyterian church on "Mormonism." She spoke particularly of the need of the education of the young in Utah, as a means of eradicating polygamy and Mormonism and urged the Christians of the east to help the grand work along. Miss Perley is a very entertaining talker and pleased her large audience.

THE third annual session of the Northern Indiana Teachers' association closed at Columbia City last Saturday. The following officers were elected to serve during the ensuing year: President, R. I. Hamilton, of Huntington; vice president, C. M. Merica, of Auburn, Miss Adelaide Baylor, of Wabash, Miss Annie V. Larose, of Logansport, Professor Chase, of Plymouth, and W. H. Hershman, of Delphi; secretary, Mrs. Imogene Mowrer, of Warsaw; railroad secretary, Oliver Kline, of Huntington; treasurer, Miss Ella E. Kirtland, of Huntington; executive committee, William Hailman, of LaPorte, Mrs. Cox, of Kokomo, Miss Grace Rowley, of Elkhart, B. F. Moore, of Monticello, and P. D. Creager, of Kendallville.

IN the midst of the battle of ballots and the defeat that overtook the republican party at the polls in the township election yesterday, "Down Went McGinty" in the person of C. L. Drummond, who was a candidate on the republican ticket for the office of constable. If "Sandy" had not been a republican we might feel inclined to mourn his defeat, for personally he is a most excellent fellow and would have made a good officer. But he trained with the wrong party and with them he went to his Waterloo. "Sandy" admits that he was never "cut out" for a politician. He says he was forced on the track and hereafter he will eschew politics and give his leisure time to base ball reporting, at which he is a crowning success. "Sandy" would have made a good constable, but it is too late to talk about it now. He was beaten and that cooks his political hash for all time to come.

THE ELECTIONS.

The elections held in Wayne township yesterday resulted in a victory for the party of the people.

The entire Democratic ticket was elected by majorities ranging from 1,000 to 1,500 votes. The vote was light, but the democrats carried every ward and precinct in the city.

The successful candidates were:

For trustee—George W. Brackenridge.

For assessor—Frank M. Chapman.

For justices of the peace—Harry F. France, Michael Tancey, James Wilkinson, Daniel Ryan, Charles A. Hays.

For constables—Philip Skelley, Christopher Kelley, George Shepley, Louis C. Schlaudraff, Albert L. Bagby.

For road supervisors—First district, Henry Branning; second district, Luke Lavanway; third district; George Rapp; fourth district, Jacob Bilser; fifth district, Herman Gerke.

The reports from the other townships of the county show that the democracy were in the ascendency, and that probably seventeen out of the twenty township trustees are democrats.

In other parts of the state there were sweeping democratic victories, and Ohio came to the front with gains in the large cities for the democrats.

It was a democratic day, and the people voted for good government, lower taxes, and the great cause of tariff reform.

NORTH INDIANA CONFERENCE.

Close of the Muncie Meeting--Assignments by Bishop Ninde.

(Indianapolis News.)

MUNCIE, April 8.—The important routine work of conference practically closed with Saturday. W. S. Stewart was chosen president of the Foreign Missionary society, with G. H. Hill as vice-president; D. C. Woolpert, secretary, and H. N. Herrick, treasurer. Total collections to credit of this fund, $12,944; an increase of $760 over last year. Mrs. F. G. Brown, of Mishawaka, presided over the meeting of the Women's Home Missionary society, and the reports showed forty-two auxilaries and bands, 953 annual members, eighty-eight juvenile and twenty-five mother's jewels; collections, $1,137.72. A number of young men were admitted to the conference on trial. A. G. McCarter was granted a superannuated relation. The reports of the Woman's Foreign Missionary society showed eighty-eight organizations in the conference, with $360 thank offerings during the year and $3,641 collections.

George Veach, of the Wesleyan church, was recognized as an elder in the M. E. church, and Thomas Prickett, of the Methodist Protestant church, was recognized as a deacon.

The statistical secretary submitted his report, in part as follows: Number of members, 38,000; number of Sunday schools, 431; number who have died in the year, 448; adults baptized, 2,512; number of churches, 442; paid for building churches, $112,000; paid for support of ministers, $124,630; number of Sunday school scholars, 42,294; collected for church extension, $1,682; for freedman's aid, $1,500; Moman's Foreign missions, $3,462.

Sunday members of the conference filled the pulpits of the various churches both morning and evening, and excursion trains were run from every quarter, carrying hundreds of visitors. Bishop Ninde conducted services at the High street church, and officiated at the ordination of Elders Theodore F. French, A. L. Lamport, L. Reeves, A. E. Sarah, L. A. Sevitts, E. Davis, E. F. Armitage, and P. K. Hessons were ordained deacons. In the afternoon services in memoriam of the dead of the conference during the past year were conducted by Rev. C. G. Hudson, conference secretary. During the morning service, while the church was crowded with people, the gallery settled several inches from the unusual weight, and a stampede was barely averted.

The usual treatment of catarrh is very unsatisfactory, as thousands of despairing patients can testify. A trustworthy medical writer says: "Proper local treatment is positively necessary to success, but most of the remedies in general use by physicians afford but temporary benefit. A cure cannot be expected from snuffs, powders, douches and washes." Ely's Cream Balm is a remedy which combines the important requisites of quick action, specific curative power with perfect safety and pleasantness to the patient.

Marshal Franke Visits the Saloon-Keepers With Instructions.

Yesterday was election day, and according to the state law, saloons had to be closed.

The dealers have been accustomed to a gentle reminder that the laws must be observed on such days by proclamations from the mayor published in the daily papers.

Mayor Harding departed from such a method, and consequently many saloons were running as usual yesterday morning when the polls opened.

Marshal Franke made it a point to visit saloon-keepers all over the city and warn them that they must close at once and keep their doors closed on election days hereafter whether or not a proclamation is issued.

Lakeside Easily Sewered.

Parties owning building lots, which they are trying to sell, that are located a mile from any sewer and so far out, that a sewer is not likely to reach them during the present century, are endeavoring to halt the rush of home seekers into Lakeside Park addition, by telling them that sewers in that addition, if put down low enough to drain cellars, would not operate in times of great floods, and would only admit water to cellars they were intended to drain.

There is nothing in this objection for the following reasons:

First: Fort Wayne residences had no sewers for fifty years. Only within about the last five years has even the central part of the residence portion of the city been thus supplied.

Second: Not more than one house in ten in Fort Wayne, is, even now, connected with a sewer.

Third: Nearly all the outlying additions to Fort Wayne are so far removed from sewers, that it will, of necessity, be a long time before they can be so connected.

Fourth: "Lakeside" is underlaid with ten to fifteen feet of coarse gravel. You have only to dig a pit fifteen feet deep in your back yard, wall it up cheaply with rough stone, cover it over, and carry your pipes to it from bath room and kitchen, and your waste water is disposed of without the least difficulty, even without a sewer.

Fifth: When sewers are wanted civil engineers say, there is scarcely a piece of residence property about Fort Wayne so easily and so cheaply sewered as Lakeside. The plan outlined is a main sewer of brick of thirty inches diameter, starting near the toll gate and running down the side of what is now the Maysville pike, to the point selected for crossing to the river. As the land is twenty to twenty-five above the river bed, the sewer outlet could be high enough to escape the effect of any, but extraordinary freshets. At the outlet will be fixed an automatic sewer gate, which closes as soon as the flood reaches the necessary height. At this point will also be located a sewer pump, run by an inexpensive small engine, which would be started as soon as the flood gates closed, and the sewerage be thus pumped into the river. This system is in operation in hundreds of places in this country and throughout Europe, and as any person can see, is simple and effective. It is not likely the pump would have to be used to exceed forty-eight hours in a whole year, and the consequent expense would be practically nothing. This main sewer, if three thousand feet long, would hardly cost complete, pump, engine and all, more than $5,000, about eight dollars for each lot in the addition—a mere trifle. Thus easily is this sewer bugbear brushed aside.

DON'T DO IT.

From the "*Medical Review*." "Upon the first symptoms of Liver Complaint the misguided sufferer applies blue pill, calomel and other mineral poisons, in the delusive hope of obtaining relief, whereas these powerful purgatives but aggravate the disease and debilitate the constitution. Dr. Tutt has had the courage to ignore this killing practice of the old school. His remedies, drawn from the vegetable kingdom, are almost miraculous in renovating the broken down body. The letters of cured patients in the Doctor's possession are a tribute of gratitude to his genius and skill which but few can exhibit. His Liver Pills are sent all over the world. They can be found in every town and hamlet in the United States."

Toledo Bee: "Patrick Keogh, a switchman employed by the Wabash company, was run down by a switch engine yesterday afternoon and killed. Mr. Keogh was standing on a track at the foot of Sumner street, looking after his usual work as switchman, when his attention was attracted and he was run down by the engine and frightfuliy mangled, and died in a few moments. Charles W. Cross succeeds Hugh Hogan as assistant foreman of the Pittsburgh machine shops. Mr. Cross was formerly a gang foreman in this department and is one of the most competent machinists in the company's employ at this point. Pleasant and courteous to the men, he is personally very popular and is held in high esteem by his employers. A bright future in railroad life awaits him, and he will go up higher. Hugh M. Diehl has taken the position made vacant by his promotion.

Richard Meredith was killed by the cars at Greensburg, Ind.

Everybody Knows

That at this season the blood is filled with impurities, the accumulation of months of close confinement in poorly ventilated stores, workshops and tenements. All these impurities and every trace of scrofula, salt rheum, or other diseases may be expelled by taking Hood's Sarsaparilla, the best blood purifier ever produced. It is the only medicine of which "100 doses one dollar" is true.

MR. GEO. KENNAN.

His Coming Lecture at the City Y. M. C. A. Rooms.

Mr. Geo. Kennan, the noted lecturer, will be at the City Y. M. C. A. hall next Friday evening, and deliver his lecture entitled, "Mountains and Mountaineers of Caucasus."

In giving a resume of the lecture the Evening Traveler says: "Mr Kennan for two hours delighted all present with his vivid descriptions and analysis of the inhabitants of that region.

No country presents greater diversity of surface, vegitation and race, said the speaker, than that located between the Black and Caspian seas. Here are represented the Arvan race, together with the Mongols, Romans, Greeks, Arabs, and the oppressed of all nations who have come to the mountains to worship in peace."

THE BOOKCASES WERE TOO LARGE.

A story is told of a gentleman who is now and has been for some years past engaged in rearing an elegant mansion of stone a dozen miles or so out of Boston. Much care has been taken and no expense spared in its erection. The other day he went out to see how the work was progressing, and visited the library. It is a noble room, and it had been surrounded by elegant bookcases of carved oak in elaborate design. The owner gave one glance about the spacious and beautiful apartment and then exclaimed to the contractor: "What made you build the bookcases so high? Cut them down two feet and put cupboards underneath! Do you think I am going to buy books for all those shelves?"—*Boston Advertiser.*

A SINGULAR case came up in New York before Judge McGowan. William Knipscher is a journeyman tailor who worked at his trade in an establishment in Sixth avenue. Knipscher boasts of a beard whose length is of unusual dimensions. He has not cut it for twenty years. On Feb. 28, while waiting for his salary, Robert Delury stole up behind him and snipped off with a pair of shears three inches of whiskers, to the great amusement of those employed in the shop. Knipscher felt that he had been insulted, and sued Delury for $2,000 damages, alleging assault. The jury, after considerable deliberation, decided that whiskers were worth 2 cents an inch, and gave Knipscher a verdict for 6 cents.

THE fact that the Empress Augusta, although a great invalid, lived to be 79 years old, is explained by the fact that for twenty years before her death she regulated her life after the strictest fashion, so far as diet was concerned. Early in the morning she took a cup of strong tea or cocoa; at 11 o'clock she had a large cup of strong beef tea, and in the early afternoon a small piece of fowl, some vegetables—spinach, if it was in season—and a glass of Malaga and water; toward evening she took tea again, a piece of light cake, and an ice, and at 10 o'clock she went to bed.

A CURIOUS fact about cigarette smoking is that nearly double as many cigarettes are smoked during July, August, and September as during any other three months in the year.

THE PLUMBER'S STRIKE!

At Chicago is Practically Settled by a Compromise in Wages--Labor Notes Elsewhere.

CHICAGO, Ill., April 8—The plumber's strike was practically settled this morning at a conference between committees of the junior plumbers and master plumbers. The conditions of settlement are a compromise and provides a minimum of $3.50 a day for all journeymen plumbers, and an increase of 25 per cent. in the wages of juniors. The agreement will be formerly ratified at a joint meeting to-day.

The cigarmakers settled one of their grievances yesterday, when the Phoenix Cigar company took back all of its old men, sixty in number, and agreed hereafter to employ none but union men.

LATER.

The plumbers' strike is still on, as all the difficulties between the two sets of belligerents have not yet been adjusted. At last night's conference the master plumbers agreed to pay a minimum of $3.50 a day for all journeymen and an increase of 25 per cent. for the juniors. The journeymen plumbers are satisfied with the advance, although it was by no means what they demanded.

The juniors, however, who struck to aid the journeymen, are not satisfied with a 25 per cent. increase, and that is the hitch at this morning's conference of the two arbitration committees. The carpenters' strike is still on, although the men will probably appoint an arbitration committee this afternoon to confer with the master carpenters. The strikers say that not more than twenty men are at work within the city limits of Chicago to-day. They feel much encouraged.

Judge Barton dismissed the civil cases and Wagoner's counsel have filed a plea of insanity in the criminal cases.

NEW YORK, April 8.—Theo. Wilcox, superintendent of the Brooklyn hospital, was yesterday sentenced to four years imprisonment for swindling the county by charging for the care of mythical patients.

PARIS, April 8.—Le Siecle urges the government to hasten a renewal of its demands upon Great Britain for the evacuation of Egypt by her forces. The paper asserts that France never assented to the presence of British troops on the Nile.

BERLIN, April 8.—Emperor William will be court of honor to deal with quarrels between the officers in the army. The only grounds upon which a duel will be permitted to be fought, it is learned, are an insult to a lady relative or fiancee, or a blow when an apology is refused by the offender.

WASHINGTON, April 8.—Secretary Tracey to-day approved the findings of the court martial case of Commander J. B. Coughlin, recently of the Mohichan. The court martial finding was a Scotch verdict of not proven.

NEW YORK, April 8.—Edmund Yates' London cable to the Tribune says: The federal princess of the German empire have no sort of belief in the brilliant capacity of Emperor William. They are terrified and disgusted at his recent vagaries.

LOCAL LINES.

Jacob Young and Tena Lahman, John F. Leininger and Maria M. Thiele have been licensed to wed.

Ray Potter was fined one dollar and costs by 'Squire France to day, for trespassing on the green house property of T. E. Covington.

Worden & Morris, the rising young attorneys, have returned from Winchester, Ind., where they argued against an array of legal talent in a will case.

The Lutheran ministers and teachers, fifty in number, left to-day for LaPorte, Ind., via. the Lake Shore, in a special car, to attend the conference at that place.

A meeting of the Business Men's exchange will be held to-night to take some action with reference to arranging for the coming state miller's association in this city in May.

ST. JOSEPH, Mo., April 8. Richard Proctor, aged twenty, only son of the late famous astronomer, R. A. Proctor, has become insane, and it has been decided to confine him in an asylum.

An extra meeting of the Business Men's exchange has been called for this evening to take steps toward making the coming meeting of the Tri-State Miller's association in this city, May 13th, an interesting one.

Dr. C. B. Stemen was at Lima to-day. He reports the condition of Conductor Gard Tuckey, who was shot, as being a little encouraging. The injured man may live. The tramp who did the shooting has not yet been captured. A reward of $500 is offered by the railroad company for his apprehension.

SUCH a caution as this seems hardly necessary to any person in the full possession of his faculties, yet it is astonishing how many people there are, including good business men, who attach their signatures to papers or documents whose contents might have a serious bearing upon themselves or their affairs, with scarcely a glance at their contents. Carelessness in failing to acquaint themselves with the contents of a paper before signing it has worked incalculable harm to thousands of well-intentioned people. Then read all papers carefully before you sign them, particularly those that express or imply anything in the nature of a contract or a legal obligation.

WASHINGTON!

Ex-Speaker Randall Not in a Critical Condition--Business Done in Congress.

WASHINGTON, April 8.—Mr. Randall's family say that he is not in a critical condition, as has been reported, but that he passed a very comfortable night, and that he is better to-day than he was last week.

The house has passed with amendments the bill to prevent the enlistment of aleins in the naval service of the United States. The house reconsidered the vote by which the bill making appropriation to supply the deficiency caused by the Silcott defalcation was defeated and the bill was passed. The house then went into committee of the whole on the naval appropriation bill.

In the senate to-day house bill to admit free of duty articles intended for St. Louis exposition in September and October, 1890, that may be imported from the republic of Mexico was amended by adding the words "and other American Republics and the Dominion of Canada" and as amendment passed, a conference was asked.

The Montana election case was taken up and Mr. Spooner continued his argument in support of the republican contestants.

The house committee on judiciary completed its consideration of the commercial convention's national bankruptcy bill to-day and ordered it to be reported favorably. Mr. Culberson, of Texas, gave notice that he would make a minority report and submit his bankruptcy bill already introduced.

The convention bill has been changed in its phraseology, but the principles which it embodies remain the same. A favoable report was ordered on a bill introduced by Mr. Henderson, of North Carolina, amending the internal revenue laws. The bill abolishes provisions for minimum punishments for violations of the revenue laws and gives to judges discretion to impose penalties.

It forbids the issuing of warrants on affidavits made upon information and believing unless the affidavits are made by internal revenue officers and it gives the commissioner of internal revenue authority to compromise any criminal or civil case under the internal revenue laws and to remit penalties.

INSTANTLY KILLED!

Two Persons Meet Death on a Bicycle.

ATLANTA, Ga., April 8.—Burrell Ragsdale, his mother and his younger brother, used a railroad bicycle to go to a neighbor's, above Newman, last night.

At Powells they were struck by a wild construction train. Burrell Ragsdale was so badly injured that he died at midnight. His mother was instantly killed. The boy escaped. Ragsdale was an employe of the railroad.

Drowned.

BROOKVILLE, April 8.—Two girls, daughter of Robert Longerbeck, of this place, while attempting to cross a trestle bridge, fell through and were drowned.

The Weather.

WASHINGTON, April 8.—For Indiana: Light rains in northern portion; fair in eastern portion; colder; winds becoming northwesterly.

A MISSOURI farmer with a turn for statistics has furnished a communication to his county paper on the subject of official salaries, in which he states that an official who receives $1,000 per year salary absorbs the price of 26,666 bushels of corn at 15 cents per bushel, or of 6,666 bushels of wheat at 60 cents per bushel, or 33,333 bushels of oats at 12 cents, or the price of fifty good farm horses. He also estimates that a farm hand at $13 per month would have to work the year round for a quarter of a century to earn the same amount, and adds that in 1866-'67-'68 about 5,000 to 8,000 bushels of corn would have footed the bill, or 3,000 bushels of wheat.

HERE is something new in journalism. A New York paper offers a prize of $250 for every person found dead with a copy of the latest issue of the paper on his person, thus guaranteeing to amuse and instruct a man while he lives and provide for his family when he is taken away. For novelty and originality in schemes to build up a circulation this one seems to deserve early recognition.

"BUDGE" is the name of a tame crow belonging to Miss Orlie Wheeler, of Joliet, Ill. He goes all over town alone and returns to his home at night. He is fond of beer, and will drink it until intoxicated. In his rambles he visited the depot, where he found much to interest him. He imitates the shouts of the conductors, and takes delight in yelling "All aboard for Chicago."

SINCE the establishment of the Vienna free kitchens, the number of drunkards is said to have greatly diminished. The medical profession testify to enormous improvement in the health of the lower classes. Derangements of the stomach, formerly the most frequent cases in Vienna hospitals, have decreased to one-third of the number of ten years ago.

STRUCK BY A STORM!

The Town of Prophetstown, Ill., Visited by a Tornado and Great Damage is Done.

CLINTON, Iowa, April 8.—A heavy storm at Prophetstown, Ill., last night, blew down the Chicago, Burlington and Quincy depot and unroofed an elevator. Several persons were injured, but no lives were lost. The telegraph wires are down and only meagre reports are obtainable.

LATER.

A conductor on the Burlington road, who left Mendotta at 5 o'clock, says the damage reported at Prophetstown, Ill., has been exaggerated. The telegraph manager at Mendotta, in communicating with Prophetstown, reported that a railway depot, one elevator and several frame buildings had been destroyed.

He says that there has been no loss of life. Several persons were injured, but no names could be obtained. At the general offices of the Chicago, Burlington and Quincy railway a report of the disaster was received by the superintendent at 11 o'clock this morning. The report was to the effect that the newspaper reports at the first were greatly exaggerated. But few buildings were partially wrecked and but six persons were slightly injured. No deaths have resulted.

IS IT RAY'S WIFE?

The Supposed Husband of the Woman Now Under Arrest in Chicago.

THE SENTINEL gave a lengthy account yesterday of the poisoning of the Newland family, at Englewood, one of the suburbs of Chicago.

A servant girl going by the name of Lizzie Starke was arrested on suspicion of having administered rat poison in the food and thus caused the death of Mr. and Mrs. Newland.

In the police station she said her right name was Mary Starr William Ray and that her husband was a bill poster in Fort Wayne, Ind.

Starr William Ray, an employe of the Bill Posting company, was seen to-day at his boarding house, 106 Barr street, by a SENTINEL reporter.

"According to this article my wife is held on suspicion of having poisoned the Newland family in Chicago," said he.

"Yes, when and where did you marry her?"

"We were married on the 3d of March, 1880, in this city."

"What was her maiden name?"

"Mary Frances Morse."

"How about the name of Lizzie Starke?"

"As to that I can't say. The whole affair is too much of a mystery for me. My wife never had that name that I am aware of."

"How long have you been separated from your wife?"

"Ever since three years ago, the 23d of last February. She then applied for a divorce, which was not granted. She went to St. Joe, Mich., and from there drifted around, I don't know where."

"Were you in Chicago Thursday, as she stated to a reporter?"

"I have not been out of the city for weeks and have not seen her for months. I was not in Chicago as she says."

"Is your little daughter, Mamie, with you as she claims?"

"The last I knew of Mamie she was with her mother."

Is it not altogether probable that this woman, who professes to be the wife of Mr. Ray, is a falsifier in that, too?

Mr. Ray has signified his intention of going to Chicago to try and clear up the mystery.

IS SHE "DAFT"?

The Lafayette Courier says: "Miss Starr was in Lafayette about three weeks ago. At that time she called upon Attorneys Kumler & Gaylord and wanted to know how much they would charge to draw up a will for her. They told her they would charge five dollars, whereupon she stated that she had fallen heir to $300,000 by the death of a relative in England, that she wanted to bequeath a large portion of it to Charles Largo and would be back the next day with the five dollars and have the will duly drawn. She never came but the sudden announcement of so much money made these two enterprising attorneys look at the girl in wonder."

BIG FRAUD

In Connection With a Failure Three Years Ago Comes to Light.

CHICAGO, April 8.—A morning paper says that the details of a fraud in connection with the failure in 1887 of the great barbed wire manufacturers, Sherman & Marsh, has just come to light.

It appears that Eben J. Marsh, managing partner of the firm, seeing that the failure was inevitable, laid his plans to deceive the creditors, and to feather his own nest. He entered into a conspiracy with Chas. H. Lane, a New York broker, to make it appear that he (Marsh) was speculating heavily in stocks.

Marsh then bought up as much wire on credit as he could possibly, stored it in ware houses and borrowed money on the receipts. In this way he got together about $150,000. This was placed in Lane's hands, to be held for Marsh until after the failure of the firm. For his services Lane was to get $25,000.

When the failure of the firm was announced, Marsh confessed to the creditors that he had been speculating in stocks and showed receipts from Lane to prove his assertion. While this was being investigated, Lane took all of the $150,000 and left the country.

Marsh followed him to Europe, but was unable to find him. In the meantime the creditors of the firm put detectives on Lane's track and it is understood they found him and induced him to give up $75,000.

Marsh was also taken in hand by the creditors and compelled to turn over to them $25,000, which he had realized on some Chicago real estate. Marsh is now said to be a salesman for a lumber firm in Baton Rouge, La.

In the course of his explorations Mr. Moorehead has found evidence of two distinct races of aborigines, and has, moreover, discovered a large village site in the Miami River bottoms, five feet below the surface.

BOSWORTH SMITH, in a report on the Kolar gold field in Southern India, records some finds of old mining implements, old timbering, fragments of bones, an old oil lamp, and broken pieces of earthen ware, including a crucible, the remains of ancient mining operations. PLEADS NOT GUILTY.

Davidson, the Murderer, Taken to Columbia City--His Trial is Set For June 17.

Thomas Davidson, charged with the murder of his uncle, Thomas Davidson, was taken to Columbia City yesterday, in custody of Sheriff Viberg.

C. M. Dawson and Judge S. M. Hench, attorneys for the prisoner, and Prosecutor J. M. Robinson, also went to be present at the convening of the Whitley county court.

The case was called yesterday, and Davidson pleaded not guilty. The counsel then spoke as to the proper time that should be selected for the beginning of the trial.

Judge Adair heard both sides and finally set the case for June 17.

The prisoner was ordered to be confined in the Whitley county jail until trial, and was, therefore, not brought back here.

Compound Oxygen Association, 41 West Berry Street, Fort Wayne, Ind.

My Dear Sirs:

I feel so grateful to your association for the great good it has done me that I gladly take this opportunity to put myself on the list of those who can testify in your behalf. I have resided in this vicinity for upwards of thirty years and was an active business man until fifteen years ago, when I became a victim of epileptic attacks to check which I took opium and became a confirmed opium-eater. The epilepsy was very bad and made it unsafe for me to go any place alone. Was liable to drop at any time on the street. When I began using your treatment I was indeed in a deplorable condition. I am now better than I have been for years. Have not had an epileptic attack since using your treatment, have not touched any opium or stimulants of any kind and am much stronger mentally and physically. Expect before long to enter once more into active business. All this I owe to the wonderful Compound Oxygen treatment, and I am

Yours very gratefully,

THE March number of the Journal of the National Association of Railway Surgeons, edited by Dr. C. B. Stemen, of this city, contains an extended and ably written article on the life and services of Dr. J. W. Jackson, the chief surgeon of the Wabash railway, whose death occurred at Kansas City last month. The article is from the pen of Dr. Stemen, who was a warm friend of the deceased.

THE members of the city council met last night as a committee on the whole, with Councilman P. J. Schied in the chair, to discuss street improvements. Main street was changed from fire brick to cedar blocks, and a number of remonstrances were read from different sections of the city. A strong protest against paving DeWald street was read. The report of the committee will be submitted to the council to-night.

MISS FANNY PERLEY, a gifted missionary from Spanish Forks, Utah, delivered an interesting and instructive discourse Sunday evening, at the First Presbyterian church on "Mormonism." She spoke particularly of the need of the education of the young in Utah, as a means of eradicating polygamy and Mormonism and urged the Christians of the east to help the grand work along. Miss Perley is a very entertaining talker and pleased her large audience.

THE third annual session of the Northern Indiana Teachers' association closed at Columbia City last Saturday. The following officers were elected to serve during the ensuing year: President, R. I. Hamilton, of Huntington; vice president, C. M. Merica, of Auburn, Miss Adelaide Baylor, of Wabash, Miss Annie V. Larose, of Logansport, Professor Ohase, of Plymouth, and W. H. Hershman, of Delphi; secretary, Mrs. Imogene Mowrer, of Warsaw; railroad secretary, Oliver Kline, of Huntington; treasurer, Miss Ella E. Kirtland, of Huntington; executive committee, William Hailman, of LaPorte, Mrs. Cox, of Kokomo, Miss Grace Rowley, of Elkhart, B. F. Moore, of Monticello, and P. D. Creager, of Kendallville.

IN the midst of the battle of ballots and the defeat that overtook the republican party at the polls in the township election yesterday, "Down Went McGinty" in the person of C. L. Drummond, who was a candidate on the republican ticket for the office of constable. If "Sandy" had not been a republican we might feel inclined to mourn his defeat, for personally he is a most excellent fellow and would have made a good officer. But he trained with the wrong party and with them he went to his Waterloo. "Sandy" admits that he was never "cut out" for a politician. He says he was forced on the track and hereafter he will eschew politics and give his leisure time to base ball reporting, at which he is a crowning success. "Sandy" would have made a good constable, but it is too late to talk about it now. He was beaten and that cooks his political hash for all time to come.

THE ELECTIONS.

The elections held in Wayne township yesterday resulted in a victory for the party of the people.

The entire Democratic ticket was elected by majorities ranging from 1,000 to 1,500 votes. The vote was light, but the democrats carried every ward and precinct in the city.

The successful candidates were:

For trustee—George W. Brackenridge.

For assessor—Frank M. Chapman.

For justices of the peace—Harry F. France, Michael Tancey, James Wilkinson, Daniel Ryan, Charles A. Hays.

For constables—Philip Skelley, Christopher Kelley, George Shepley, Louis C. Schlaudraff, Albert L. Bagby.

For road supervisors—First district, Henry Branning; second district, Luke Lavanway; third district; George Rapp; fourth district, Jacob Bilser; fifth district, Herman Gerke.

The reports from the other townships of the county show that the democracy were in the ascendency, and that probably seventeen out of the twenty township trustees are democrats.

In other parts of the state there were sweeping democratic victories, and Ohio came to the front with gains in the large cities for the democrats.

It was a democratic day, and the people voted for good government, lower taxes, and the great cause of tariff reform.

NORTH INDIANA CONFERENCE.

Close of the Muncie Meeting—Assignments by Bishop Ninde.

The reports of the Woman's Foreign Missionary society showed eighty-eight organizations in the conference, with $360 thank offerings during the year and $3,641 collections.

George Veach, of the Wesleyan church, was recognized as an elder in the M. E. church, and Thomas Prickett, of the Methodist Protestant church, was recognized as a deacon.

The statistical secretary submitted his report, in part as follows: Number of members, 38,000; number of Sunday schools, 431; number who have died in the year, 448; adults baptized, 2,512; number of churches, 442; paid for building churches, $112,000; paid for support of ministers, $124,630; number of Sunday school scholars, 42,294; collected for church extension, $1,682; for freedman's aid, $1,500; Moman's Foreign missions, $3,462.

Sunday members of the conference filled the pulpits of the various churches both morning and evening, and excursion trains were run from every quarter, carrying hundreds of visitors. Bishop Ninde conducted services at the High street church, and officiated at the ordination of Elders Theodore F. French, A. L. Lamport, L. Reeves, A. E. Sarah, L. A. Sevitts, E. Davis, E. F. Albertson, H. C. Ashcraft, George W. Green, A. L. Preston, W. J. Gamble, D. H. Guild, F. M. Lacey, C. M. Hollipeter, M. A. Hardin, D. V. Williams, Eli B. Nesthafer, W. J. Waltz, W. H. Dodds, M. A. Armitage, and P. K. Hessons were ordained deacons. In the afternoon services in memoriam of the dead of the conference during the past year were conducted by Rev. C. G. Hudson, conference secretary. During the morning service, while the church was crowded with people, the gallery settled several inches from the unusual weight, and a stampede was barely averted.

The main feature of the conference yesterday was the assignment of preachers for the coming year, which Bishop Ninde announced as follows:

A New York toiler makes a living by making over pantaloons that have been turned inside out.

The usual treatment of catarrh is very unsatisfactory, as thousands of despairing patients can testify. A trustworthy medical writer says: "Proper local treatment is positively necessary to success, but most of the remedies in general use by physicians afford but temporary benefit. A cure cannot be expected from snuffs, powders, douches and washes." Ely's Cream Balm is a remedy which combines the important requisites of quick action, specific curative power with perfect safety and pleasantness to the patient.

An incendiary fire at Theressa, N. Y., destroyed forty-two buildings, twenty of them residences.

Piles! Piles! Itching Piles.

SYMPTOMS—Moisture; intense itching and stinging; most at night; worse by scratching. If allowed to continue tumors form, which often bleed and ulcerate, becoming very sore. SWAYNE'S OINTMENT stops the itching and bleeding, heals ulceration, and in most cases removes the tumors. At druggists, or by mail, for 50 cents. Dr. Swayne & Son, Philadelphia.

Marshal Franke Visits the Saloon-Keepers With Instructions.

Yesterday was election day, and according to the state law, saloons had to be closed.

The dealers have been accustomed to a gentle reminder that the laws must be observed on such days by proclamations from the mayor published in the daily papers.

Mayor Harding departed from such a method, and consequently many saloons were running as usual yesterday morning when the polls opened.

Marshal Franke made it a point to visit saloon-keepers all over the city and warn them that they must close at once and keep their doors closed on election days hereafter whether or not a proclamation is issued.

VAN HOUTEN'S COCOA

"BEST & GOES FARTHEST."

Now that its manufacturers are drawing the attention of the American public to this *first* and, ever since its invention, the *best* of all cocoas, it will soon be appreciated here as well as elsewhere all over the world. All that the manufacturers request is simply *one trial,* or, still better, a comparative test with whatever other cocoa it may be; *then* VAN HOUTEN'S COCOA *itself* will convince every one of its great superiority. It is because of this superiority that the English paper *Health,* says: "Once tried, always used."

Lakeside
Easily
Sewered.

Parties owning building lots, which they are trying to sell, that are located a mile from any sewer and so far out, that a sewer is not likely to reach them during the present century, are endeavoring to halt the rush of home seekers into Lakeside Park addition, by telling them that sewers in that addition, if put down low enough to drain cellars, would not operate in times of great floods, and would only admit water to cellars they were intended to drain.

There is nothing in this objection for the following reasons:

First: Fort Wayne residences had no sewers for fifty years. Only within about the last five years has even the central part of the residence portion of the city been thus supplied.

Second: Not more than one house in ten in Fort Wayne, is, even now, connected with a sewer.

Third: Nearly all the outlying additions to Fort Wayne are so far removed from sewers, that it will, of necessity, be a long time before they can be so connected.

Fourth: "Lakeside" is underlaid with ten to fifteen feet of coarse gravel. You have only to dig a pit fifteen feet deep in your back yard, wall it up cheaply with rough stone, cover it over, and carry your pipes to it from bath room and kitchen, and your waste water is disposed of without the least difficulty, even without a sewer.

Fifth: When sewers are wanted civil engineers say, there is scarcely a piece of residence property about Fort Wayne so easily and so cheaply sewered as Lakeside. The plan outlined is a main sewer of brick of thirty inches diameter, starting near the toll gate and running down the side of what is now the Maysville pike, to the point selected for crossing to the river. As the land is twenty to twenty-five above the river bed, the sewer outlet could be high enough to escape the effect of any, but extraordinary freshets. At the outlet will be fixed an automatic sewer gate, which closes as soon as the flood reaches the necessary height. At this point will also be located a sewer pump, run by an inexpensive small engine, which would be started as soon as the flood gates closed, and the sewerage be thus pumped into the river. This system is in operation in hundreds of places in this country and throughout Europe, and as any person can see, is simple and effective. It is not likely the pump would have to be used to exceed forty-eight hours in a whole year, and the consequent expense would be practically nothing. This main sewer, if three thousand feet long, would hardly cost complete, pump, engine and all, more than $5,000, about eight dollars for each lot in the addition—a mere trifle. Thus easily is this sewer bugbear brushed aside.

DON'T DO IT.

From the *"Medical Review."* "Upon the first symptoms of Liver Complaint the misguided sufferer applies blue pill, calomel and other mineral poisons, in the delusive hope of obtaining relief, whereas these powerful purgatives but aggravate the disease and debilitate the constitution. Dr. Tutt has had the courage to ignore this killing practice of the old school. His remedies, drawn from the vegetable kingdom, are almost miraculous in renovating the broken down body. The letters of cured patients in the Doctor's possession are a tribute of gratitude to his genius and skill which but few can exhibit. His Liver Pills are sent all over the world. The freight traffic on the Grand Rapids and Indiana railroad, has been greatly increased the last few days by reason of the large shipments of ice from the north. Enough cars can not be shipped to keep up with the demand.

Toledo Bee: "Patrick Keogh, a switchman employed by the Wabash company, was run down by a switch engine yesterday afternoon and killed. Mr. Keogh was standing on a track at the foot of Sumner street, looking after his usual work as switchman, when his attention was attracted and he was run down by the engine and frightfully mangled, and died in a few moments. Mr. Keogh was about fifty-seven years of age, married, and has a grown up family. He was one of the oldest employes in the city, having been with the Wabash for thirty years."

A telegram from Findlay, Ohio, reads: "Engineers of the Pittsburg, Akron and Western railway, otherwise known as the Carnegie road, are surveying a route from Akron to this city. The line from Pittsburg to Akron is already in operation, and it is proposed to continue it to Chicago. If proper encouragement is offered the new enterprise will purchase the American Midland, which is now operating between this city and Ottawa and has a road-bed graded as far as Fort Wayne."

Charles W. Cross succeeds Hugh Hogan as assistant foreman of the Pittsburgh machine shops. Mr. Cross was formerly a gang foreman in this department and is one of the most competent machinists in the company's employ at this point. Pleasant and courteous to the men, he is personally very popular and is held in high esteem by his employers. A bright future in railroad life awaits him, and he will go up higher. Hugh M. Diehl has taken the position made vacant by his promotion.

That at this season the blood is filled with impurities, the accumulation of months of close confinement in poorly ventilated stores, workshops and tenements. All these impurities and every trace of scrofula, salt rheum, or other diseases may be expelled by taking Hood's Sarsaparilla, the best blood purifier ever produced. MR. GEO. KENNAN.

His Coming Lecture at the City Y. M. C. A. Rooms.

Mr. Geo. Kennan, the noted lecturer, will be at the City Y. M. C. A. hall next Friday evening, and deliver his lecture entitled, "Mountains and Mountaineers of Caucasus."

In giving a resume of the lecture the Evening Traveler says: "Mr Kennan for two hours delighted all present with his vivid descriptions and analysis of the inhabitants of that region.

No country presents greater diversity of surface, vegitation and race, said the speaker, than that located between the Black and Caspian seas. Here are represented the Arvan race, together with the Mongols, Romans, Greeks, Arabs, and the oppressed of all nations who have come to the mountains to worship in peace."

THE BOOKCASES WERE TOO LARGE.

A story is told of a gentleman who is now and has been for some years past engaged in rearing an elegant mansion of stone a dozen miles or so out of Boston. Much care has been taken and no expense spared in its erection. The other day he went out to see how the work was progressing, and visited the library. It is a noble room, and it had been surrounded by elegant bookcases of carved oak in elaborate design. The owner gave one glance about the spacious and beautiful apartment and then exclaimed to the contractor: "What made you build the bookcases so high? Cut them down two feet and put cupboards underneath! Do you think I am going to buy books for all those shelves?"—*Boston Advertiser.*

A SINGULAR case came up in New York before Judge McGowan. William Knipscher is a journeyman tailor who worked at his trade in an establishment in Sixth avenue. Knipscher boasts of a beard whose length is of unusual dimensions. He has not cut it for twenty years. On Feb. 28, while waiting for his salary, Robert Delury stole up behind him and snipped off with a pair of shears three inches of whiskers, to the great amusement of those employed in the shop. Knipscher felt that he had been insulted, and sued Delury for $2,000 damages, alleging assault. The jury, after considerable deliberation, decided that whiskers were worth 2 cents an inch, and gave Knipscher a verdict for 6 cents.

THE fact that the Empress Augusta, although a great invalid, lived to be 79 years old, is explained by the fact that for twenty years before her death she regulated her life after the strictest fashion, so far as diet was concerned. Early in the morning she took a cup of strong tea or cocoa; at 11 o'clock she had a large cup of strong beef tea, and in the early afternoon a small piece of fowl, some vegetables—spinach, if it was in season—and a glass of Malaga and water; toward evening she took tea again, a piece of light cake, and an ice, and at 10 o'clock she went to bed.

A CURIOUS fact about cigarette smoking is that nearly double as many cigarettes are smoked during July, August, and September as during any other three months in the year.

DR. WILBUR

Has adopted this plan: That he will charge nothing for advice, consultation or treatment until the patient pronounces himself well.

The Only Charge Being Made for Medicines Used During Treatment.

Dr. Wilbur, Specialist,

All may be cured by this wonderful system if not too far advanced. Bone diseases cured when all methods have failed.

Ladies who are suffering from complaints peculiar to their sex, can consult the doctor with every assurance of speedy relief and permanent cure without subjecting them to the embarrassing procedure of an examination, which, in nine cases out of ten is unnecessary. The doctor particularly invites all cases that have been given up by other physicians.

☞ The doctor will remove one tape worm free of charge; also, straighten the first case of cross eyes that presents itself at the hotel, FREE.

THE PLUMBER'S STRIKE!

At Chicago is Practically Settled by a Compromise in Wages--Labor Notes Elsewhere.

CHICAGO, Ill., April 8.--The plumber's strike was practically settled this morning at a conference between committees of the junior plumbers and master plumbers. The conditions of settlement are a compromise and provides a minimum of $3.50 a day for all journeymen plumbers, and an increase of 25 per cent. in the wages of juniors. The agreement will be formerly ratified at a joint meeting to-day.

The cigarmakers settled one of their grievances yesterday, when the Phoenix Cigar company took back all of its old men, sixty in number, and agreed hereafter to employ none but union men.

LATER.

The plumbers' strike is still on, as all the difficulties between the two sets of belligerents have not yet been adjusted. At last night's conference the master plumbers agreed to pay a minimum of $3.50 a day for all journeymen and an increase of 25 per cent. for the juniors. The journeymen plumbers are satisfied with the advance, although it was by no means what they demanded.

The juniors, however, who struck to aid the journeymen, are not satisfied with a 25 per cent. increase, and that is the hitch at this morning's conference of the two arbitration committees. The carpenters' strike is still on, although the men will probably appoint an arbitration committee this afternoon to confer with the master carpenters. The strikers say that not more than twenty men are at work within the city limits of Chicago to-day. They feel much encouraged.

GENEVA, April 8.--At a meeting held at Olsten, at which there were present 247 delegates representing 120,000 workmen, resolutions were adopted providing for the formation of trades unions, associations for the aid of the sick and a system of insurance against accident. Resolutions were also adopted calling for certain amendments to the factory laws now existing, which will tend to make them more favorable to the laboring classes.

BERLIN, April 8.--All of the striking miners in Gelzenkirchen have returned to work.

BERLIN, April 8.--Emperor William will be court of honor to deal with quarrels between the officers in the army. The only grounds upon which a duel will be permitted to be fought, it is learned, are an insult to a lady relative or fiancee, or a blow when an apology is refused by the offender.

WASHINGTON, April 8.--Secretary Tracey to-day approved the findings of the court martial case of Commander J. B. Coughlin, recently of the Mohicban. The court martial finding was a Scotch verdict of not proven.

NEW YORK, April 8.--Edmund Yates' London cable to the Tribune says: The federal princess of the German empire have no sort of belief in the brilliant capacity of Emperor William. They are terrified and disgusted at his recent vagaries.

PITTSBURG, April 8.--1 p. m.--Score: Moore, 174 miles; Howarth, 170; Hecly, 165; Normac, 162; Hughes, 156; Connors, 153; Nolan, 145; Horan, 142; Day, 136 miles and 11 laps; Golden, 136 miles and 13 laps; Hegelman, 126; Guerrero, 123; Crozier, 119; Burns, 107; Fox, 107; Holzebeck, 102; Taylor, 97; Barclay, 80.

LOCAL LINES.

Jacob Young and Tena Lahman, John F. Leininger and Maria M. Thiele have been licensed to wed.

Ray Potter was fined one dollar and costs by 'Squire France to-day, for trespassing on the green house property of T. E. Covington.

Worden & Morris, the rising young attorneys, have returned from Winchester, Ind., where they argued against an array of legal talent in a will case.

The Lutheran ministers and teachers, fifty in number, left to-day for La Porte, Ind., via. the Lake Shore, in a special car, to attend the conference at that place.

A meeting of the Business Men's exchange will be held to-night to take some action with reference to arranging for the coming state miller's association in this city in May.

ST. JOSEPH, Mo., April 8. Richard Proctor, aged twenty, only son of the late famous astronomer, R. A. Proctor, has become insane, and it has been decided to confine him in an asylum.

An extra meeting of the Business Men's exchange has been called for this evening to take steps toward making the coming meeting of the Tri-State Miller's association in this city, May 13th, an interesting one.

Dr. C. B. Stemen was at Lima to-day. He reports the condition of Conductor Gard Tuckey, who was shot, as being a little encouraging. The injured man may live. The tramp who did the shooting has not yet been captured. A reward of $500 is offered by the railroad company for his apprehension.

Such a caution as this seems hardly necessary to any person in the full possession of his faculties, yet it is astonishing how many people there are, including good business men, who attach their signatures to papers or documents whose contents might have a serious bearing upon themselves or their affairs, with scarcely a glance at their contents. Carelessness in failing to acquaint themselves with the contents of a paper before signing it has worked incalculable harm to thousands of well-intentioned people. Then read all papers carefully before you sign them, particularly those that express or imply anything in the nature of a contract or a legal obligation.

WASHINGTON!

Ex-Speaker Randall Not in a Critical Condition--Business Done in Congress.

WASHINGTON, April 8.--Mr. Randall's family say that he is not in a critical condition, as has been reported, but that he passed a very comfortable night, and that he is better to-day than he was last week.

The house has passed with amendments the bill to prevent the enlistment of aliens in the naval service of the United States. The house reconsidered the vote by which the bill making appropriation to supply the deficiency caused by the Silcott defalcation was defeated and the bill was passed. The house then went into committee of the whole on the naval appropriation bill.

In the senate to-day house bill to admit free of duty articles intended for St. Louis exposition in September and October, 1890, that may be imported from the republic of Mexico was amended by adding the words "and other American Republics and the Dominion of Canada" and as amendment passed, a conference was asked.

The Montana election case was taken up and Mr. Spooner continued his argument in support of the republican contestants.

The house committee on judiciary concluded its consideration of the commercial convention's national bankruptcy bill to-day and ordered it to be reported favorably. Mr. Culberson, of Texas, gave notice that he would make a minority report and submit his bankruptcy bill already introduced.

The convention bill has been changed in its phraseology, but the principles which it embodies remain the same. A favorable report was ordered on a bill introduced by Mr. Henderson, of North Carolina, amending the internal revenue laws. The bill abolishes provisions for minimum punishments for violations of the revenue laws and gives to judges discretion to impose penalties.

It forbids the issuing of warrants on affidavits made upon information and believing unless the affidavits are made by internal revenue officers and it gives the commissioner of internal revenue authority to compromise any criminal or civil case under the internal revenue laws and to remit penalties.

INSTANTLY KILLED!

Two Persons Meet Death on a Bicycle.

ATLANTA, Ga., April 8.--Burrell Ragsdale, his mother and his younger brother, used a railroad bicycle to go to a neighbor's, above Newman, last night.

At Powells they were struck by a wild construction train. Burrell Ragsdale was so badly injured that he died at midnight. His mother was instantly killed. The boy escaped. Ragsdale was an employe of the railroad.

Drowned.

BROOKVILLE, April 8.--Two girls, daughter of Robert Longerbeck, of this place, while attempting to cross a trestle bridge, fell through and were drowned.

The Weather.

WASHINGTON, April 8.--For Indiana: Light rains in northern portion; fair in eastern portion; colder; winds becoming northwesterly.

A Missouri farmer with a turn for statistics has furnished a communication to his county paper on the subject of official salaries, in which he states that an official who receives $4,000 per year salary absorbs the price of 26,666 bushels of corn at 15 cents per bushel, or of 6,666 bushels of wheat at 60 cents per bushel, or 33,333 bushels of oats at 12 cents, or the price of fifty good farm horses. He also estimates that a farm hand at $13 per month would have to work the year round for a quarter of a century to earn the same amount, and adds that in 1866-67-68 about 5,000 to 8,000 bushels of corn would have footed the bill, or 3,000 bushels of wheat.

THERE is something new in journalism. A New York paper offers a prize of $250 for every person found dead with a copy of the latest issue of the paper on his person, thus guaranteeing to amuse and instruct a man while he lives and provide for his family when he is taken away. For novelty and originality in schemes to build up a circulation this one seems to deserve early recognition.

"EUROPE" is the name of a tame crow belonging to Miss Orlie Wheeler, of Joliet, Ill. He goes all over town alone and returns to his home at night. He is fond of beer, and will drink it until intoxicated. In his rambles he visited the depot, where he found much to interest him. He imitates the shouts of the conductors, and takes delight in yelling "All aboard for Chicago."

SINCE the establishment of the Vienna free kitchens, the number of drunkards is said to have greatly diminished. The medical profession testify to enormous improvement in the health of the lower classes. Derangements of the stomach, formerly the most frequent cases in Vienna hospitals, have decreased to one-third of the number of ten years ago.

STRUCK BY A STORM!

The Town of Prophetstown, Ill. Visited by a Tornado and Great Damage is Done.

CLINTON, Iowa, April 8.--A heavy storm at Prophetstown, Ill., last night, blew down the Chicago, Burlington and Quincy depot and unroofed an elevator. Several persons were injured, but no lives were lost. The telegraph wires are down and only meagre reports are obtainable.

LATER.

A conductor on the Burlington road, who left Mendotta at 5 o'clock, says the damage reported at Prophetstown, Ill., has been exaggerated. The telegraph manager at Mendotta, in communicating with Prophetstown, reported that a railway depot, one elevator and several frame buildings had been destroyed.

He says that there has been no loss of life. Several persons were injured, but no names could be obtained. At the general offices of the Chicago, Burlington and Quincy railway a report of the disaster was received by the superintendent at 11 o'clock this morning. The report was to the effect that the newspaper reports at the first were greatly exaggerated. But few buildings were partially wrecked and but six persons were slightly injured. No deaths have resulted.

IS IT RAY'S WIFE?

The Supposed Husband of the Woman Now Under Arrest in Chicago.

THE SENTINEL gave a lengthy account yesterday of the poisoning of the Newland family, at Englewood, one of the suburbs of Chicago.

A servant girl going by the name of Lizzie Starke was arrested on suspicion of having administered rat poison in the food and thus caused the death of Mr. and Mrs. Newland.

In the police station she said her right name was Mary Starr William Ray and that her husband was a bill poster in Fort Wayne, Ind.

Starr William Ray, an employe of the Bill Posting company, was seen to day at his boarding house, 106 Barr street, by a SENTINEL reporter.

"According to this article my wife is held on suspicion of having poisoned the Newland family in Chicago," said he.

"Yes, when and where did you marry her?"

"We were married on the 3d of March, 1880, in this city."

"What was her maiden name?"

"Mary Frances Morse."

"How about the name of Lizzie Starke?"

"As to that I can't say. The whole affair is too much of a mystery for me. My wife never had that name that I am aware of."

"How long have you been separated from your wife?"

"Ever since three years ago, the 23d of last February. She then applied for a divorce, which was not granted. She went to St. Joe, Mich., and from there drifted around, I don't know where."

"Were you in Chicago Thursday, as she stated to a reporter?"

"I have not been out of the city for weeks and have not seen her for months. I was not in Chicago as she says."

"Is your little daughter, Mamie, with you as she claims?"

"The last I knew of Mamie she was with her mother."

As it not altogether probable that this woman, who professes to be the wife of Mr. Ray, is a falsifier in that, too?

Mr. Ray has signified his intention of going to Chicago to try and clear up the mystery.

IS SHE "DAFT"?

The Lafayette Courier says: "Miss Starr was in Lafayette about three weeks ago. At that time she called upon Attorneys Kumler & Gaylord and wanted to know how much they would charge to draw up a will for her. They told her they would charge five dollars, whereupon she stated that she had fallen heir to $300,000 by the death of a relative in England, that she wanted to bequeath a large portion of it to Charles Lange and would be back the next day with the five dollars and have the will duly drawn. She never came but the sudden announcement of so much money made these two enterprising attorneys look at the girl in wonder."

BIG FRAUD

In Connection With a Failure Three Years Ago Comes to Light.

CHICAGO, April 8.--A morning paper says that the details of a fraud in connection with the failure in 1887 of the great barbed wire manufacturers, Sherman & Marsh, has just come to light.

It appears that Eben J. Marsh, managing partner of the firm, seeing that the failure was inevitable, laid his plans to deceive the creditors, and to feather his own nest. He entered into a conspiracy with Chas. H. Lane, a New York broker, to make it appear that he (Marsh) was speculating heavily in stocks.

Marsh then bought up as much wire on credit as he could possibly, stored it in ware houses and borrowed money on the receipts. In this way he got together about $150,000. This was placed in Lane's hands, to be held for Marsh until after the failure of the firm. For his services Lane was to get $25,000.

When the failure of the firm was announced, Marsh confessed to the creditors that he had been speculating in stocks and showed receipts from Lane to prove his assertion. While this was being investigated, Lane took all of the $150,000 and left the country.

Marsh followed him to Europe, but was unable to find him. In the meantime the creditors of the firm put detectives on Lane's track and it is understood they found him and induced him to give up $75,000.

Marsh was also taken in hand by the creditors and compelled to turn over to them $25,000, which he had realized on some Chicago real estate. Marsh is now said to be a salesman for a lumber firm in Baton Rouge, La.

MOOREHEAD, of the Smithsonian, spent last summer, with a staff of assistants, in surveying and exploring Fort Ancient, the prehistoric earthwork of Warren County, Ohio, and is about to bring out an illustrated volume of his discoveries. In the course of his explorations Mr. Moorehead has found evidence of two distinct races of aborigines, and has, moreover, discovered a large village site in the Miami River bottoms, five feet below the surface.

BOSWORTH SMITH, in a report on the Kolar gold field in Southern India, records some finds of old mining implements, old timbering, fragments of bones, an old oil lamp, and broken pieces of earthen ware, including a crucible, the remains of ancient mining operations. PLEADS NOT GUILTY.

Davidson, the Murderer, Taken to Columbia City--His Trial is Set For June 17.

Thomas Davidson, charged with the murder of his uncle, Thomas Davidson, was taken to Columbia City yesterday, in custody of Sheriff Vlberg.

C. M. Dawson and Judge S. M. Hench, attorneys for the prisoner, and Prosecutor J. M. Robinson, also went to be present at the convening of the Whitley county court.

The case was called yesterday, and Davidson pleaded not guilty. The counsel then spoke as to the proper time that should be selected for the beginning of the trial.

Judge Adair heard both sides and finally set the case for June 17.

The prisoner was ordered to be confined in the Whitley county jail until trial, and was, therefore, not brought back here.

Compound Oxygen Association, 11 West Berry Street, Fort Wayne, Ind.

My Dear Sirs:

I feel so grateful to your association for the great good it has done me that I gladly take this opportunity to put myself on the list of those who can testify in your behalf. I have resided in this vicinity for upwards of thirty years and was an active business man until fifteen years ago, when I became a victim of epileptic attacks to check which I took opium and became a confirmed opium-eater. The epilepsy was very bad and made it unsafe for me to go any place alone. Was liable to drop at any time on the street. When I began using your treatment I was indeed in a deplorable condition. I am now better than I have been for years. Have not had an epileptic attack since using your treatment, have not touched any opium or stimulants of any kind and am much stronger mentally and physically. Expect before long to enter once more into active business. All this I owe to the wonderful Compound Oxygen treatment, and I am

Yours very gratefully,

THE March number of the Journal of the National Association of Railway Surgeons, edited by Dr. C. B. Stemen, of this city, contains an extended and ably written article on the life and services of Dr. J. W. Jackson, the chief surgeon of the Wabash railway, whose death occurred at Kansas City last month. The article is from the pen of Dr. Stemen, who was a warm friend of the deceased.

THE members of the city council met last night as a committee on the whole, with Councilman P. J. Schied in the chair, to discuss street improvements. Main street was changed from fire brick to cedar blocks, and a number of remonstrances were read from different sections of the city. A strong protest against paving DeWald street was read. The report of the committee will be submitted to the council to-night.

MISS FANNY PERLEY, a gifted missionary from Spanish Forks, Utah, delivered an interesting and instructive discourse Sunday evening, at the First Presbyterian church on "Mormonism." She spoke particularly of the need of the education of the young in Utah, as a means of eradicating polygamy and Mormonism and urged the Christians of the east to help the grand work along. Miss Perley is a very entertaining talker and pleased her large audience.

THE third annual session of the Northern Indiana Teachers' association closed at Columbia City last Saturday. The following officers were elected to serve during the ensuing year: President, R. I. Hamilton, of Huntington; vice president, C. M. Merica, of Auburn, Miss Adelaide Baylor, of Wabash, Miss Annie V. Larose, of Logansport, Professor Chase, of Plymouth, and W. H. Hershman, of Delphi; secretary, Mrs. Imogene Mowrer, of Warsaw; railroad secretary, Oliver Kline, of Huntington; treasurer, Miss Ella E. Kirtland, of Huntington; executive committee, William Hailman, of LaPorte, Mrs. Cox, of Kokomo, Miss Grace Rowley, of Elkhart, B. F. Moore, of Monticello, and P. D. Creager, of Kendallville.

IN the midst of the battle of ballots and the defeat that overtook the republican party at the polls in the township election yesterday, "Down Went McGinty" in the person of C. L. Drummond, who was a candidate on the republican ticket for the office of constable. If "Sandy" had not been a republican we might feel inclined to mourn his defeat, for personally he is a most excellent fellow and would have made a good officer. But he trained with the wrong party and with them he went to his Waterloo. "Sandy" admits that he was never "cut out" for a politician. He says he was forced on the track and hereafter he will eschew politics and give his leisure time to base ball reporting, at which he is a crowning success. "Sandy" would have made a good constable, but it is too late to talk about it now. He was beaten and that cooks his political hash for all time to come.

THE ELECTIONS.

The elections held in Wayne township yesterday resulted in a victory for the party of the people.

The entire Democratic ticket was elected by majorities ranging from 1,000 to 1,500 votes. The vote was light, but the democrats carried every ward and precinct in the city.

The successful candidates were:

For trustee—George W. Brackenridge.

For assessor Frank M. Chapman.

For justices of the peace—Harry F. France, Michael Tancey, James Wilkinson, Daniel Ryan, Charles A. Hays.

For constables—Philip Skelley, Christopher Kelley, George Shepley, Louis C. Schlandraff, Albert L. Bagby.

For road supervisors—First district, Henry Branning; second district, Luke Lavanway; third district; George Rapp; fourth district, Jacob Bilser; fifth district, Herman Gerke.

The reports from the other townships of the county show that the democracy were in the ascendency, and that probably seventeen out of the twenty township trustees are democrats.

In other parts of the state there were sweeping democratic victories, and Ohio came to the front with gains in the large cities for the democrats.

It was a democratic day, and the people voted for good government, lower taxes, and the great cause of tariff reform.

A New York toiler makes a living by making over pantaloons that have been turned inside out.

The usual treatment of catarrh is very unsatisfactory, as thousands of despairing patients can testify. A trustworthy medical writer says: "Proper local treatment is positively necessary to success, but most of the remedies in general use by physicians afford but temporary benefit. A cure cannot be expected from snuffs, powders, douches and washes." Ely's Cream Balm is a remedy which combines the important requisites of quick action, specific curative power with perfect safety and pleasantness to the patient.

An incendiary fire at Theresa, N. Y., destroyed forty-two buildings, twenty of them residences.

SYMPTOMS—Moisture; intense itching and stinging; most at night; worse by scratching. If allowed to continue tumors form, which often bleed and ulcerate, becoming very sore. SWAYNE'S OINTMENT stops the itching and bleeding, heals ulceration, and in most cases removes the tumors. At druggists, or by mail, for 50 cents. Dr. Swayne & Son, Philadelphia.

LAWYER—Did you give Mr. Skinflint your note for the amount, as I advised you to? Young Widow (weeping)—Yes, I did. I wrote him the sweetest little note that over was, and the very next day he came and carted off my furniture.

Marshal Franke Visits the Saloon-Keepers With Instructions.

Yesterday was election day, and according to the state law, saloons had to be closed.

The dealers have been accustomed to a gentle reminder that the laws must be observed on such days by proclamations from the mayor published in the daily papers.

Mayor Harding departed from such a method, and consequently many saloons were running as usual yesterday morning when the polls opened.

Marshal Franke made it a point to visit saloon-keepers all over the city and warn them that they must close at once and keep their doors closed on election days hereafter whether or not a proclamation is issued.

VAN HOUTEN'S COCOA

"BEST & GOES FARTHEST."

Now that its manufacturers are drawing the attention of the American public to this *first* and, ever since its invention, the *best* of all cocoas, it will soon be appreciated here as well as elsewhere all over the world. All that the manufacturers request is simply *one trial*, or, still better, a comparative test with whatever other cocoa it may be; *then* VAN HOUTEN'S COCOA *itself* will convince every one of its great superiority. It is because of this superiority that the English paper *Health*, says: "Once tried, always used."

To avoid the evil effects of Tea and Coffee, use constantly VAN HOUTEN'S COCOA, which is a STRENGTHENER of the NERVES and a refreshing and nourishing beverage. [32

Lakeside Easily Sewered.

Parties owning building lots, which they are trying to sell, that are located a mile from any sewer and so far out, that a sewer is not likely to reach them during the present century, are endeavoring to halt the rush of home seekers into Lakeside Park addition, by telling them that sewers in that addition, if put down low enough to drain cellars, would not operate in times of great floods, and would only admit water to cellars they were intended to drain.

There is nothing in this objection for the following reasons:

First: Fort Wayne residences had no sewers for fifty years. Only within about the last five years has even the central part of the residence portion of the city been thus supplied.

Second: Not more than one house in ten in Fort Wayne, is, even now, connected with a sewer.

Third: Nearly all the outlying additions to Fort Wayne are so far removed from sewers, that it will, of necessity, be a long time before they can be so connected.

Fourth: "Lakeside" is underlaid with ten to fifteen feet of coarse gravel. You have only to dig a pit fifteen feet deep in your back yard, wall it up cheaply with rough stone, cover it over, and carry your pipes to it from bath room and kitchen, and your waste water is disposed of without the least difficulty, even without a sewer.

Fifth: When sewers are wanted civil engineers say, there is scarcely a piece of residence property about Fort Wayne so easily and so cheaply sewered as Lakeside. The plan outlined is a main sewer of brick of thirty inches diameter, starting near the toll gate and running down the side of what is now the Maysville pike, to the point selected for crossing to the river. As the land is twenty to twenty-five above the river bed, the sewer outlet could be high enough to escape the effect of any, but extraordinary freshets. At the outlet will be fixed an automatic sewer gate, which closes as soon as the flood reaches the necessary height. At this point will also be located a sewer pump, run by an inexpensive small engine, which would be started as soon as the flood gates closed, and the sewerage be thus pumped into the river. This system is in operation in hundreds of places in this country and throughout Europe, and as any person can see, is simple and effective. It is not likely the pump would have to be used to exceed forty-eight hours in a whole year, and the consequent expense would be practically nothing. This main sewer, if three thousand feet long, would hardly cost complete, pump, engine and all, more than $5,000, about eight dollars for each lot in the addition—a mere trifle. Thus easily is this sewer bugbear brushed aside.

DON'T DO IT.

From the "Medical Review." "Upon the first symptoms of Liver Complaint the misguided sufferer applies blue pill, calomel and other mineral poisons, in the delusive hope of obtaining relief, whereas these powerful purgatives but aggravate the disease and debilitate the constitution. Dr. Tutt has had the courage to ignore this killing practice of the old school. His remedies, drawn from the vegetable kingdom, are almost miraculous in renovating the broken down body. The letters of cured patients in the Doctor's possession are a tribute of gratitude to his genius and skill which but few can exhibit. His Liver Pills are sent all over the world. They can be found in every town and hamlet in the United States."

Toledo Bee: "Patrick Keogh, a switchman employed by the Wabash company, was run down by a switch engine yesterday afternoon and killed. Mr. Keogh was standing on a track at the foot of Sumner street, looking after his usual work as switchman, when his attention was attracted and he was run down by the engine and frightfully mangled, and died in a few moments. If proper encouragement is offered the new enterprise will purchase the American Midland, which is now operating between this city and Ottawa and has a road-bed graded as far as Fort Wayne."

Charles W. Cross succeeds Hugh Hogan as assistant foreman of the Pittsburgh machine shops. Mr. Cross was formerly a gang foreman in this department and is one of the most competent machinists in the company's employ at this point. Pleasant and courteous to the men, he is personally very popular and is held in high esteem by his employers. A bright future in railroad life awaits him, and he will go up higher. Hugh M. Diehl has taken the position made vacant by his promotion.

Richard Meredith was killed by the cars at Greensburg, Ind.

MR. GEO. KENNAN.

His Coming Lecture at the City Y. M. C. A. Rooms.

Mr. Geo. Kennan, the noted lecturer, will be at the City Y. M. C. A. hall next Friday evening, and deliver his lecture entitled, "Mountains and Mountaineers of Caucasus."

In giving a resume of the lecture the Evening Traveler says: "Mr Kennan for two hours delighted all present with his vivid descriptions and analysis of the inhabitants of that region.

No country presents greater diversity of surface, vegitation and race, said the speaker, than that located between the Black and Caspian seas. Here are represented the Aryan race, together with the Mongols, Romans, Greeks, Arabs, and the oppressed of all nations who have come to the mountains to worship in peace."

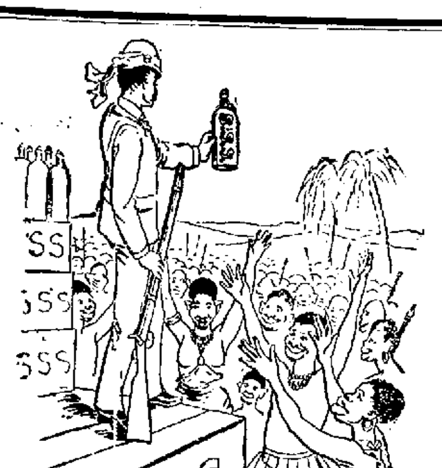

THE BOOKCASES WERE TOO LARGE.

A story is told of a gentleman who is now and has been for some years past engaged in rearing an elegant mansion of stone a dozen miles or so out of Boston. Much care has been taken and no expense spared in its erection. The other day he went out to see how the work was progressing, and visited the library. It is a noble room, and it had been surrounded by elegant bookcases of carved oak in elaborate design. The owner gave one glance about the spacious and beautiful apartment and then exclaimed to the contractor: "What made you build the bookcases so high? Cut them down two feet and put cupboards underneath! Do you think I am going to buy books for all those shelves?"—*Boston Advertiser.*

A SINGULAR case came up in New York before Judge McGowan. William Knipscher is a journeyman tailor who worked at his trade in an establishment in Sixth avenue. Knipscher boasts of a beard whose length is of unusual dimensions. He has not cut it for twenty years. On Feb. 28, while waiting for his salary, Robert Delury stole up behind him and snipped off with a pair of shears three inches of whiskers, to the great amusement of those employed in the shop. Knipscher felt that he had been insulted, and sued Delury for $2,000 damages, alleging assault. The jury, after considerable deliberation, decided that whiskers were worth 2 cents an inch, and gave Knipscher a verdict for 6 cents.

THE fact that the Empress Augusta, although a great invalid, lived to be 70 years old, is explained by the fact that for twenty years before her death she regulated her life after the strictest fashion, so far as diet was concerned. Early in the morning she took a cup of strong tea or cocoa; at 11 o'clock she had a large cup of strong beef tea, and in the early afternoon a small piece of fowl, some vegetables—spinach, if it was in season—and a glass of Malaga and water; toward evening she took tea again, a piece of light cake, and an ice, and at 10 o'clock she went to bed.

A CURIOUS fact about cigarette smoking is that nearly double as many cigarettes are smoked during July, August, and September as during any other three months in the year.

RICH + HOTEL FOR FIFTEEN DAYS.

NO CURE, NO PAY.

Knowing that the unfortunate have been imposed upon by unprincipled pretenders who charge heavily in advance,

DR. WILBUR

Has adopted this plan: That he will charge nothing for advice, consultation or treatment until the patient pronounces himself well.

The Only Charge Being Made for Medicines Used During Treatment.

Dr. Wilbur, Specialist,

Treats successfully chronic and long standing diseases, as those of the head, throat and lungs, liver kidney and heart complaints, inveterate diseases of the stomach, that have defied all other methods, those fearful diseases of the nervous system arising from whatever causes; scrofula, dropsy, paralysis, fits, fever sores, contracted cords, enlarged and stiff joints, rheumatism, neuralgia, sciatic, bone deformities, salt rheum, erysipelas, scald head, ill-conditioned ulcers syphilis, nasal polypus, asthma, hay fever, rose cold, winter coughs, chronic diarrhoea and diabetis. All may be cured by this wonderful system if not too far advanced. Bone diseases cured when all methods have failed.

Ladies who are suffering from complaints peculiar to their sex, can consult the doctor with every assurance of speedy relief and permanent cure without subjecting them to the embarrassing procedure of an examination, which in nine cases out of ten is unnecessary. The doctor particularly invites all cases that have been given up by other physicians.

The doctor will remove one tape worm free of charge; also, straighten the first case of cross eyes that presents itself at the hotel, FREE.

Consultation and Examination Free.
